THE INDIANAPOLIS NATIONAL BANK Designated United States Depository, Corner Room Odd-fellows' Hall

THEO. P. HAUGHEY, Pres't. H. LATNAM, Cash.

CONDITION OF THE MARKETS

Wheat Opens at Lower Prices, but a Rally Occurs During the Session.

Corn Fairly Active, with an Absence of Striking Features-Oats Higher-Provisions in Good Demand with a Weak Feeling.

MONEY, BONDS AND STOCKS.

A Dull Market in New York, but a Recovery Occurs in the Afternoon. NEW YORK, Aug. 3.-Money on call was easy at 101 per cent.

Prime mercantile paper, 426 per cent. Sterling exchange was active and weak, with actual business at 34.842 for sixty-day bills, and \$4.87 for demand.

The total sale of stocks to-day were 120,680 shares, including the following: Lake Shore, 5,925; Michigan Central, 3,325; Northwestern, 4,295; Northern Pacific, preferred, 4,520; Pacific Mail, 3,840; Reading, 13,500; Richmond & West Point, 4,470; St. Paul, 15,500; Union Pacific, 12,-

210; Western Union, 13,180. To-day's stock market was dull and of a negative character all the way out, but was rather heavy in the forenoon, recovering later in the day. The speculation is just now in a waiting condition, as there has been very extensive realizing by large interests, and this has given encouragement to the "bears." Would-be buyers are for the moment holding off, prices drag and fluctuations are confined to the smallest fractions in most of the list, while the dealings develop but little feature. Some selling by the foreigners at the opening this morning gave the heavy to weak tone noticeablein the early dealings, and this induced some "short" selling by the traders, who are once more the principal makers of quotations. The reports from the West in regard to the crops was more of an unfavorable nature, damage by heat and storms to the growing corn and wheat being the burden of most of them, and they had a certain influence upon the course of prices, although such advices are now generally looked upon with suspicion on the street. The Vanderbilts still continue to be the chief "bull" card, and Michigan Central to-day made another spurt in the upward direction, though it was all over in an hour and a portion of the improvement was afterward lost. The early sellers were covering up toward the close, which changed the tone of the market from weak to firm and resulted in some appreciation of values, but outside of the stock mentioned above and a few specialities, among which Minneapolis & St. Louis was most conspicuous, the movements in the list were utterly insignificant. The declines from last night's figures at the opening were from to f per cent., the latter in Louisville & Nashville. The list developed strength immediately, but the advances were confined to small fractions, except in Michigan Central, which gained 14 per cent. The advance, however, was of short duration and prices in the general list soon retired below the opening figures, but duliness then intervened, the tone of the speculation became stronger and prices slowly appreciated, though the changes in quotations were scarcely noticeable. Absolutely no feature of interest marked the trading after the first hour, and the market finally closed dull and steady to firm at close to the opening prices. The final changes are irregular, and for slight fractions only.

The railroad bond market was again dull and second only to that of yesterday in its lack of features. Prices were irregularly changed within very narrow limits, except in a few stocks, while the only feature in the dealings was the activity in the Reading new fours, which furnished \$151,000 to the day's total of 1,014,000. Among the advacces, Denver & Rio Grande Western assented rose 24, to 754e, and Toledo, Peoria & Western 4), to 99jo.

Government bonds were dull and steady. State bonds were entirely neglected. Closing

Butter duli and heavy; Western, 11@19c. Cheese, quiet; steadily held; Onio flats, 7@84c.

CHICAGO, Aug. 3.-The morning markets on Change were comparatively dull, the fluctuations in most parts narrow, and prices generally lower. There was nothing in receipts or news to materially affect trading, and as buyers held off it was easy to bring about a decline on light selling. Wheat was very weak after the unloading of yesterday, and opened at le lower for September, at 824c, but rallied to 824c before 11 A. M. At thirty minutes before the close of the session wheat was to lower than the close yesterday. To-day there was less selling and no disposition to buy for a raily. The range on September was within ic, and the best point of the day was ic under the closing price yesterday. Wheat closed weak, lifeless, and ic under yesterday and ic better than the opening price. Corn was fairly active at times and very dull at others. There were no striking features. There was some pounding of October, and it was thought this was done in order to buy September to better advantage. The market held up pretty well under early selling, the lowest point being but le below the close on Thursday, and the rally caused by the buying by "shorts" took the price to about the opening figure. Oats were an exception and sold at higher prices. The advance was about to for all futures. The strength was due to light receipts and wet weath-A good business was transacted in provisions, but the weak feeling developed yesterday was continued. The market for hogs was weaker and prices lower. Holders of cured product evinced more disposition to sell, and buyers were less inclined to buy, and a nervous and irregular market was noted. Pork advanced moderately shortly after the opening, but then broke 35c, and finally closed 15c below yesterday's last sales. Lard was weaker, and despite the purchase of 3,750 the market closed tame. Short ribs were sold freely by strong operators, and September

INDIANAPOLIS MARKETS.

Trade & Little Slow-An Improvement Looked for with the Coming of Cooler Weather,

INDIANAPOLIS, Aug. 3. There is a little sluggishness about trade which is largely attributable to the long heated spell we are passing through. The prevailing opinion is that with the coming of fall-like weather trade will take on proportions which will be highly satisfactory. Dry goods men report good inquiry for fall goods and that they are still doing a good deal in the way of replenishing broken stocks. The volume of their business last month foots up very satisfactorily. Dealers in tinners' supplies report trade active and prices steady and firm. Hardware men continue to have a good trade and with steady prices they are managing to make fair margins on goods sold. Iron dealers report trade offish, but prices are steadier in tone than last month. Grocers are experiencing a fair trade. Sugars are still in large demand and prices rule steady, but not as strong as ten days ago. Coffees, except roasted grades, show a steadiness which excites remark. The bears on the market make poor headway. All staple groceries rule steady and firm. The produce markets are active. Eggs are steady, demand light, and a break in prices in the near future will not be a surprise to those who understand the condition of the market. Good butter meets with ready sale. Poultry is firmer. Apples and vegetables of the season are in abundant supply and selling at reasonable figures; still prices are better than one year ago. Berries are scarce, the supply falling a good deal short of the demand. Peaches are plenty, and never before have prices on good fruit been so well maintained, choice peaches selling at 70c to 80c per third-bushel box, and common ones as low as 30c to 40c per box.

quently rule weak. GRAIN. Wheat-Market quiet with good demand and fair offerings. No. 2 red selling at 82 2824e; No. 3 red at 75 278c, with a few cars choice bringing 80c; rejected at 65 @ 73c; unmerchantable, 56 270c. The greater part of the arrivals that do not grade No. 2 are disposed of by sample and therefore the range of prices.

Grapes and plums sell slow, and prices conse-

white at 50 250 ic; mixed grades slow sale; No. 2 mixed quoted at 434c nominal. Oats-There is an improved demand with also a small increase in offerings of new grades.

The closing bids on 'Change were: Wheat-No. 2 red..... No. 3 red..... Rejected.... Unmerchantable Corn-No. 1 white. No. 2 white.... No. 2 mixed.

NO. 2815-DROP-LETTER PUZZLE. A--O--L--N--S--O--E--A--H--R--N--M--S--. [Answers in three weeks.]

Prize. A good prize will be given for the best list of answers this week.

Pozzles Answered. By Soso, Pleasant Hill: Nos. 2791, 2792, 2793, 2794, 2795, 2796, 2797. By W. T. Brown, Ellettsville: Nos. 2790 to 2797 inclusive. By Dodo, Galions Nos. 2791 to 2797, inclusive. We award the prize to W. T. Brown.

Foot Notes.

Dono-Your work is good for this week. M. H. is a new member of T. P. D., hailing from the "Pine Tree State." Soso-Your geographical puzzle will probably prove too much for the solvers.

A. P. Uzzler-We welcome you to the corner th week, and give you an easy chair. W. T. BROWN-Your list of answers came late for last week's issue.

QUEEN ESTHER'S FOLKS.

A Religious Delusion That Has Proved Both Injurious and Expensive.

London Daily News. Considerable sensation has been caused at Chatham by the death of Mrs. Esther Jezreel, the leader of the New and Latter House of Israel, which occurred at her seat, the Woodlands, on Saturday. The deceased was known to her followers as "Queen Esther, the Virgin, the Mother of Israel," and they were taught to believe that she was "The Woman" who, "broom in hand, had been placed to sweep the house (or body) in search of the piece which the first woman lost and which the last Eve shall now find"-Mrs. Jezreel being the last Eve. "Queen Esther" had been ill only twelve days, the cause of death being inflammation of the kidneys. Among "the faithful" the greatest consternation prevails; but they have tried in vain to prevent the fact coming to the knowledge of the "gentiles," as they term the public. The removal of Mrs. Jezreel (writes a correspondent) is a striking, if sad, commentary upon the central doctrine of the New and Latter House of Israel. According to this they are an elect people, who are to be preserved from the grave and corruption. It is their mission to collect together "the remnant" from various parts of the world of the people of Israel—the 144,000 spoken of in the Book of Revelation—and who are never to see death, and when the ingathering is complete, then they are to enter into the en-joyment of the second resurrection, and are to live for 1,000 years with Christ upon earth which is to be converted into heaven! This extraordinary doctrine suffered a great shaking about three years ago, when the prophet of the House of Israel-James Jeroboam Jezreel-the man divinely chosen to collect the people who should not see death, himself went "the way of all flesh." But "the faithful" got over the difficulty by saying that "the good man was not good enough," and that some imperfection of which his followers were in ignorance unfitted him to be one of the genuine "remnant." Mrs. Jezreel succeeded her husband as the head of the house, and it is thought that her unexpected death will result in the entire collapse of the movement. In a history of the religious eccentricities, not to say delusions, of the present decade, the story of this strange sect would form one of the most striking chapters. The saddest feature in conpection with this religious delusion is the ruin it has brought upon many families. Men and women, American as well as English and Scotch. infatuated with the Flying Roll and believing in Jezreel and his wife as heaven-sent messengers. gave up lucrative positions, broke up their nomes, converted all their possessions into cash and poured the whole into "the Lord's treasury upon "gathering" at Chatham, and then, when after a time the scales have fallen from their eyes, they, men with wives and families, have been compelled to go out into the world and begin life again. The history of the sufferings of some of these people would make a heartrending story.

MRS. DART'S TRIPLETS.

President Cleveland's Prize for the three best babies at the Aurora Fair, in 1887, was given to these triplets, Mollie, Ida, and Ray, children of Mrs. A. K. Dart, Hamburgh, N. Y. She writes: "Last August the little ones became very sick, and as I could get no other food that would agree with them, I commenced the use of Lactated Food. It helped them immediately, and they were soon as well as ever, and I consider it very largely due to the Food that they are now so well." Cabinet photo. of these triplets sent free to the mother of any baby born this year.

Lactated Food Is the best Food for bottle-fed babies. It keeps them well, and is better than medicine when they are sick.
